

PROTECT YOUR LINE. PROTECT YOUR PROFITS. PROTECT YOUR BRAND. BECOME INTRALOX FOODSAFE

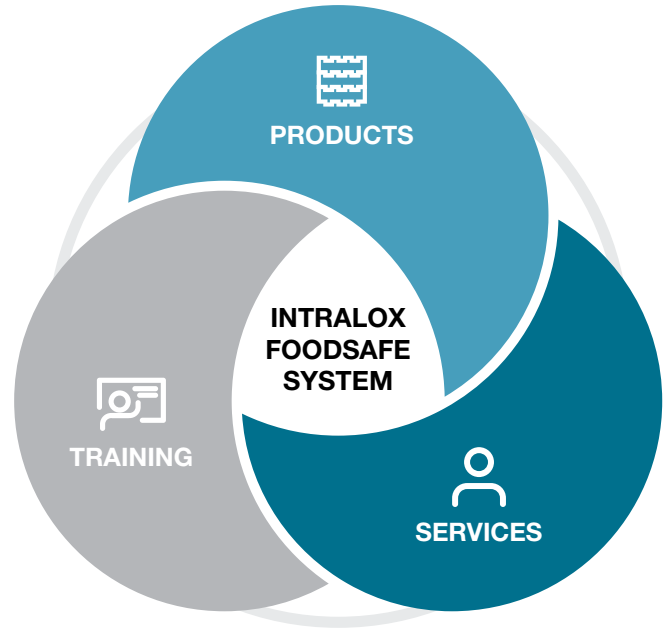

Processing lines are more than just belts, conveyors, and operators. They're a complex system of critical parts, machines, and people that work together to move products safely and efficiently.

That's why we developed **The Intralox® FoodSafe™ System**: an unrivaled, in-depth approach to meeting your plant's daily production goals sustainably.

WHAT IS IT?

Created to optimize your direct-food-contact conveyors, The Intralox FoodSafe System is a comprehensive portfolio that includes:

- PRODUCTS**
Belts, components, and tools reimagined for modern food processing
- SERVICES**
Food safety and application experts identify and mitigate risks on your lines
- TRAINING**
Digital tools and hands-on instruction to elevate your teams' conveyor expertise

WHAT KIND OF RESULTS CAN YOU EXPECT?

Some Intralox customers now enjoy:

75%	LESS CLEANING TIME
70%	LESS MAINTENANCE
\$1.4M	ANNUAL SAVINGS

Visit ilox.co/foodsafety or scan QR code to learn the customer stories behind these results.

WHAT'S THE NEXT STEP?

To make this real in your facility, contact your [Intralox Account Manager](#).
